PROFILE INFO

Seasoned Full Stack Developer with over 4 years of hands-on experience specializing in the MEAN and MERN stacks. Adept at creating dynamic, responsive web applications that consistently enhance user engagement by an average of 30%. Proven expertise in front-end development using Angular and React, enabling the creation of seamless, intuitive user interfaces that delight users. Coupled with a strong foundation in backend architecture using Node.js and Nest.js, I deliver robust, scalable solutions. Passionate about mentoring junior developers, leading to a 20% improvement in team productivity. Continuously learning and adapting to new technologies to deliver cutting-edge, user-centric solutions.

EXPERIENCE

SENIOR FULL STACK ENGINEER

AVAROX SOLUTIONS | 11/2021 - PRESENT

REMOTE

- Developed interactive and dynamic front-end components using Angular/React, resulting in a 20% increase in user engagement and providing real-time data updates for enhanced user interactions.
- Conducted code reviews and provided constructive feedback to team members, improving code quality by 35% and ensuring adherence to coding standards across the team.
- Implemented RESTful APIs that improved data retrieval speed by 30%, leading to faster response times and enhanced overall application performance.
- Mentored junior developers, resulting in a 15% improvement in coding standards adherence and a smoother integration into project workflows.

JR. FULL STACK DEVELOPER

ALGORACK | 10/2020 - 04/2022

KARACHI, PK

- Collaborated with designers to transform wireframes into functional interfaces, reducing development time by 20%.
- Optimized database schemas using MongoDB, resulting in a 15% improvement in data retrieval speed and a 10% reduction in database load.

EXPERIENCE

REACT DEVELOPER

GENETECH SOLUTIONS | 03/2020 - 10/2020

KARACHI, PK

- I started working as an intern, which later transitioned into a full-time position.
- Worked on various internal projects.

PROJECTS

OSAGE NATION

🔗 <https://www.osagenation-nsn.gov/>

Significantly contributed to the frontend development of a React.js website, resulting in a 20% increase in user satisfaction by crafting responsive, visually appealing components. Collaborated with cross-functional teams, leading to a seamless integration of frontend and backend, delivering a polished, cohesive web application.

UNICITY

🔗 <https://www.unicity.com/usa/en>

At Unicity, I developed e-commerce sites using Next.js and AngularJS. I integrated dotCMS via GraphQL, improving content delivery by 30%, and styled rich text with SCSS for 50+ pages. I also implemented Stripe and 3DS payment systems, managing 10,000+ transactions monthly and conducting extensive research to ensure secure processing.

BUUK

🔗 <https://buuk.app/>

Contributed to Buuk's full-stack development using Angular for the frontend and Nest.js for the backend, integrating 75+ APIs and delivering a seamless user experience with a 25% performance improvement.

GATHER 360

🔗 <https://gather360.io/>

At Gather360, a top-rated SaaS solution, I transitioned from React to Angular as a junior developer. I focused on E2E tests and debugging, mastering Angular and RXJS. Successfully implemented 15+ directives and optimized performance with observables, subjects, and operators like filter and switchMap, enhancing data handling efficiency by 20%.

CROSSWORDR

🔗 <https://crosswordr.com/>

At Crossplay Digital, a Vancouver-based startup, I collaborated with the CTO to establish the initial architecture for Crosswordr, an online crossword puzzle platform. I chose Zustand for state management and Reshaped UI, optimizing performance amid frequent requirement changes. By rewriting the feature to render only changed blocks, I improved efficiency by 35%, enhancing the experience for over 1,000 active users.

EDUCATION

MASTER'S DEGREE, INFORMATION SECURITY

NED UNIVERSITY OF ENGINEERING AND TECHNOLOGY | 01/2023 - 08/2024
KARACHI, PK

BACHELOR'S DEGREE, SOFTWARE ENGINEERING

SIR SYED UNIVERSITY | 01/2017 - 02/2021
KARACHI, PK

INTERMEDIATE, PRE-ENGINEERING

GOVT. ISLAMIA SCIENCE COLLEGE | 08/2014 - 05/2016
KARACHI, PK

TECH SKILLS

PROGRAMMING LANGUAGES

✓ JavaScript (ES6+) ✓ Python

JAVASCRIPT FRAMEWORKS FOR FRONTEND

✓ ReactJs ✓ Angular ✓ NextJs ✓ React Native

BACKEND TECHNOLOGIES

✓ Node.js ✓ Express.js ✓ Nest.js

DATABASES

✓ MongoDB ✓ SQL

OTHERS

✓ Scss/Css ✓ REST API ✓ GraphQL ✓ Git ✓ Problem Solving
